

Cisco Networking Academy® Training

Jump start your IT career at Miami Dade College's Cisco Academy and benefit from:

- Cisco's world-renown, on-line curriculum
- Instructor-led, hands-on lab activities
- Training in state-of-the-art Cisco facilities on Campus
- Dedicated computer workstations and Cisco equipment

Cisco Training is available as follows:

- **Cisco Network Associate Certificate**
(Code 66050): Students study to become Cisco network technicians and prepare for CCNA certification.
- **Associate in Science Degree**
(Code 25062): Cisco network training plus college courses, including electives in A+, Network+, Security+, Wireless Networks, Microsoft MCSE Networking, Programming, Web Design and Internet Technologies.

New Students only need a basic understanding of computers and the ability to use the Internet. Our Academy will train you to install and configure Cisco routers and switches for Local Area Networks. Upon successful completion, you will receive Cisco Certificates and Letters, and a College Certificate. The Cisco courses are:

- CET1600** CCNA 1 — Networking Basics
- CET1610** CCNA 2 — Routers and Routing Basics
- CET2615** CCNA 3 — Switching Basics & Intermediate Routing
- CET2620** CCNA 4 — Wide Area Network Technologies
